The diagram illustrates a 13-bit bus structure, divided into four segments of 4 bits each, with the final segment being 1 bit shorter. Each segment is represented by a horizontal bar with a vertical line at the end. Below each bar, the bits are labeled as 0, 1, 0, 0. The segments are connected by vertical lines, and the entire structure is labeled with a '13' at the top left, indicating the total number of bits.
